

Penguin Class Newsletter

Issue 16

Messages

We've had a lovely start back in Penguin Class! The children have settled in really well and it's been great to see their enthusiasm for learning. They are already enjoying our new topics and have been working hard in class.

Well done, everyone - keep it up!

English

We have started our new book, *Escape from Pompeii*. We explored a range of artefacts to help us determine the events that took place. We then re-enacted an everyday scene from the city of Pompeii before writing our own setting descriptions. We have also explored the main characters, including how their feelings change throughout the story, and have written letters of advice to help save them from the eruption.

Maths

In maths, we have been learning about different types of lines, including parallel and perpendicular lines, as well as angles in shapes.

Science

This week, we have completed our revisit of rocks and fossils. Ask us about the different types of rocks and fossils!

P.E.

In P.E., we have started our units on tag rugby and cricket. We have been learning how to throw and catch the ball in both games.

News

- Children can attend school in full Whiston Willis PE kits on **Wednesday and Thursday**.

To see all our latest learning and for school updates, please follow our school Facebook page.

**Thank you for your continued support,
Miss Armstrong**
