

Penguin Class Newsletter

Messages

It's been another busy and exciting week in class! I'm so proud of how hard everyone has been working and the positive attitude they've shown.

We had a great time watching the Altru Drama performance for Anti-Bullying Week and loved joining in by wearing our odd socks!

English

This week we began our new book, The Barnabus Project. We've been creating some fantastic noun phrases to describe our "perfect pets," and even made adverts using different sentence types. We also wrote diary entries and worked on expanding our noun phrases further - everyone has put in a lot of effort!

Maths

In Maths, we've started our new topic on multiplication and division. We're focusing on the 4- and 8-times tables and exploring how knowing our 4s can help us with our 8s. The children have really been thinking carefully and making great progress!

Science

Our science lessons have continued with our topic on rocks. This week, we learned about how fossils are formed and discovered the different types of fossils we can find - a very interesting topic!

PE

In PE, we've started our football sessions with the Liverpool Foundation. We've been practising drills and playing small games to develop our skills. In Gymnastics, we've been exploring "points and patches" balances.

News

Academic Excellence

Well done to the following children who have been our 'Workers of the Week':

- **Week 1:** Joseph and Holly

PE

Children can attend school in full Whiston Willis PE kits on Monday and Thursday.
