

Zebra Class Newsletter

Issue 11

Messages

- We continue to remind the children of Our School Values which are:
Be Respectful Be Responsible Be Safe

English

- We have started our new text Small in the City. The children have enjoyed the story so far and have written a repetitive poem using prepositional noun phrases, a diary entry for the character and also a letter!

Maths

- This week we have started our topic on time. We have looked at am and pm, Roman numerals on clocks and telling the time to the nearest minute.

Science

- In Science we are continuing to look at different types of forces. We know that a force is a push or a pull on an object. We have learnt about contact and non-contact forces. We had fun with the magnets feeling the magnetic force.

Geography

- We have continued looking at compass points and followed directions to get to different places in school using a map and compass directions. It was lots of fun. We needed to remember where north was to work out our new direction of travel.

PE

- We have continued our circuit training and our getting better each week, managing to achieve more jumps, squats and dips. We have continued to develop our throwing and catching techniques, playing a game where we took a step back each time we caught the ball or a step forward if we dropped the ball.

DT

- We have looked at where foods come from and how they are made safe and processed. We looked at how cheese is made and how bread is made.

News

Academic Excellence

Well done to the following children who have been our 'Workers of the Week' in recent weeks:

- Honey S, Johnny D, Simon K, Archie D**
- Elijah W, Alex K, Teddie-Mae G, Forest W**

Clubs

- Children are enjoying the new clubs for this half term.

PE

Children can attend school in full Whiston Willis PE kits on **Monday and Tuesday**.

To see all our latest learning and for school updates, please follow @ZebraClassww and @WhistonWillis1 on twitter.

Thank you for your continued support
Miss Harrison
