

## Cheetah Class Newsletter

As we reach the final week of term, the children have continued to impress us with their determination, resilience, and enthusiasm for learning. With the Easter break just around the corner, this is a lovely moment to pause and appreciate how much they have achieved so far this year. We hope all our families enjoy a well-deserved rest, some spring sunshine, and plenty of time together over the holiday. When we return, we'll be entering the final stretch before SATs, and the children are already showing that they are more than ready for the challenge.

### English

This week, the children have produced some **fantastic narratives**, showcasing their creativity, vocabulary, and stamina for writing. We have also begun **rewriting a piece from the Autumn term**, giving the children the chance to reflect on how far they've come and demonstrate the progress they've made this year.

### Maths

In Maths, we have been revisiting key areas including:

- Area and perimeter
- Volume
- Geometry
- SATs revision and reasoning practice

The children have shown great resilience tackling a wide range of question types.

### Parents Evening

Parents' Evening will take place on **Tuesday 15th April**. Please return your slips as soon as possible so we can arrange appointment times.

### Sats Preparation

Children will be coming home with their **10-for-10 revision booklets** for SPaG, Reading, and Maths. These short daily tasks are designed to build confidence and strengthen key skills, so please ensure they complete them over the break. They make a real difference in the run-up to SATs.

**Practice SATs results** have also gone home this week. The children should feel incredibly proud of their hard work-please celebrate their effort and progress. Let's keep this momentum going!

After-school **Thursday SATs revision sessions** will continue after the holiday.

### Homework

Thank you so much for the support you are providing at home. The extra practice with reading, spellings, times tables and SATs revision tasks is making a noticeable difference.

This consistent effort now will pay off massively as we get closer to SATs.

### Stars of the Week

- **Ellis H:** looking out for his classmates.
- **Harry & Charlie:** amazing English narratives!

### Important Dates

- Monday 13th April – School reopens at 8:40am
- Wednesday 15<sup>th</sup> April- Parents evening.
- Monday 11th May – Thursday 14th May – Year 6 SATs Week

Thank you for your continued support this term-it truly makes a difference. The children have shown real maturity and determination, and they should feel proud of everything they have achieved so far. After Easter, we move into the final phase of SATs preparation. This can feel like a big milestone, but the children are already proving that they are ready for the challenge. With steady revision, good routines, and plenty of encouragement, they will be able to show everything they know. SATs are just one part of their Year 6 journey, and once they are completed, we will be able to look forward to an exciting final term filled with celebrations, new learning, and preparing for the transition to high school. For now, we hope all our families enjoy a restful, happy Easter break, and we look forward to returning refreshed and ready for the next steps together.

**Thank you for your continued support**

**Miss Jennings**
