

Zebra Class Newsletter

Issue 7

Messages

- Wow ! What a start to the week with the snow!
- We continue to remind the children of Our School Values which are:
Be Respectful Be Responsible Be Safe

English

- We are finishing our book called the Seed of Doubt this week by writing our own motivational leaflets. Thinking about staying positive and having dreams and goals for the future.

Maths

- We have continued our work on measurement converting metres to centimetres and vice versa and centimetres to millimetres and vice versa. We have moved onto solving problems using these converting skills using column addition, subtraction, multiplication and division.

Science

- We have continued to look at forces in Science and have looked at Newton meters thinking about the amount of force needed to push and pull different objects.

Geography

- In Geography we have continued our work on the UK remembering the countries and capital cities. We have used geographical vocabulary to describe which counties are close to us in Merseyside.

PE

- In PE we have practiced our dribbling skills with both our hands and feet using a range of balls. We found that some balls are better for dribbling with our hands and others with our feet. We have also started our yoga topic and have practised 4 poses and tried to put them into a flow of movements.

PSHE

- We have started our new jigsaw piece called dreams and goals. We have discussed what a dream and a goal is and looked at difficulties people may have faced to achieve a dream.

News

Academic Excellence

Well done to the following children who have been our 'Workers of the Week' this week:

- ❖ Iyla S, Ben Mc

PE

Children can attend school in full Whiston Willis PE kits on Monday and Wednesday.

To see all our latest learning and for school updates, please follow @Zebraclasseww and @WhistonWillis1 on twitter.

Thank you for your continued support

Miss Harrison
