

## Penguin Class Newsletter

### Messages

As we come to the end of another wonderful school year, it is hard to believe how quickly the time has gone! It has been a fantastic year in Penguin Class, and I have loved watching the children grow. This week, the class have enjoyed meeting Miss Harrison, who will be their teacher next year, and they are very excited about becoming Shark Class and moving up to Year 4.

I would like to take this opportunity to thank you all for your continued support throughout the year. I am incredibly proud of everything the children have achieved and wish them all the very best as they continue their journey into Year 4 and beyond.

### English

We have started a new book called 'Flotsam'. We discussed different objects that might get washed up on a beach and completed a range of activities linked to the story. We used adverbials of time to show movement throughout the day and noun phrases to describe the unusual and unexpected photographs developed from the camera found by the boy.

### Maths

In Maths, we have moved on to our final topic of the year: perimeter. We have been finding the perimeter of different 2D shapes and using a range of methods to calculate the total distance around them, including addition and multiplication strategies.

### Science

We have continued our learning about Animals Including Humans, revisiting the human skeleton and exploring its three main functions: support, protection and movement.

### Rights Respecting School

We have continued our World Cup project on Brazil and learned about Marta, who is a UNICEF ambassador and an inspirational role model.

### Last Day of Term

Please note that the last day of term is Friday 17<sup>th</sup> July, with an early finish at 1:30pm. Children should be collected at 1:30pm.

To see all our latest learning and for school updates, please follow our school Facebook page.

**Thank you for your continued support,  
Miss Armstrong**
