Things to consider

The first or even second time you try this it might not go as planned! DON'T give up!

You will need to pause, rewind and watch the you-tube clip lots of times!

If the you-tuber has drawn a square. Pause the clip then draw a square. Then press play. See what they draw next. Pause the video. Then draw again.

Try lots of different optical illusions and HAVE FUN!

Take a photograph of your artwork and upload a photograph of it onto purple mash. Click on this icon to upload →
